Application to park trailers on streets in The Town of Unity

Applicant name – civic address – phone numbers

Vehicle(s) Type

Vehicle(s) License Plate Number – registrations must be valid – temporary permits are not acceptable

Start Date _____

End Date _____

Permit not to be used for parking on a street by a contractor at the contractor's home address.

Permit holder will be responsible for contacting The Town of Unity Bylaw Enforcement Officer to update vehicle movement and information.

Cell # 306-210-8447 unity.bylaw@sasktel.net

Permits will be valid for 1 year from the date they are approved and can be cancelled by The Town of Unity at any time for non compliance.

Notwithstanding Section 4(e)(x) of this bylaw it shall be lawful to park a trailer that is detached from the vehicle provided:

It is required by a contractor or property owner/renter/associate who will be working on a renovation, repair or new construction project within Town limits

The trailer has a clearly visible license plate with a valid registration and in the name of the contractor or the property owner/renter/associate where the work is being performed.

A special permit has been applied for and approved by the Town of Unity CAO and Bylaw Enforcement Officer.

The permit will list the work address, type of vehicle including license plate and the start and estimated end date of the project.

This permit shall apply only to construction/contractor style trailers that will be required to transport and store tools and supplies to the work site area and to transport demolished materials and other rubbish and trash away from the work site area.

This permit shall not apply to camper trailers, watercraft trailers, snowmobile trailers, motorbike and off road trailers, etc.
